## Key Learning

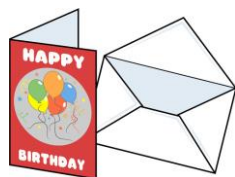

- We celebrate birthdays to remember the day we are born. Each birthday we get another year older.
- People celebrate birthdays by getting presents and cards, having a birthday cake and having a party.
- People celebrate birthdays with their friends and their families.
- Each year we change and grow older. We look a little bit different and can do new things we couldn't do before.
- We use our eyes to see things - some things are bright and some are dark.
- We use our ears to hear things - some noises are loud and some are quiet.
- We use our nose to smell things - we like some smells and dislike others.
- We use our mouth to taste things - we like the taste of some foods and dislike the taste of others.
- We use our hands to feel things - lots of objects have different textures.
- We are all different - we have different hair colour, skin colour, eye colour, face shape etc. We all have different likes and dislikes, things we are good at and things we want to get better at. We all belong to the same class and the same school community.
