

# St John's C of E Primary School, Maidstone.

## PSHE Vision Statement:

At St John's we aim to work alongside learners to help them develop the qualities they need to successfully excel in life; supporting all children to become independent, well-rounded and compassionate individuals. We work to help them strive beyond all they can imagine whilst ensuring they care for themselves and those around them.

PSHE education is integral to all that we do at St John's. Not only do we ensure that we provide a planned and progressive programme of learning, we ensure the health, social and physical needs are developed throughout their education.
